To Whom It May Concern,

I am writing today to let you know the appreciation that I feel for the fine job Greenspan has done for me and my client Gary Allen on the fire loss we incurred at 1460 Kenwood.

The numerous problems we were presented with during the settlement were expertly handled for us by Larry Hudler of your company. Mr. Hudler was very courteous at all times to me and was always there for me whenever I called upon him. Although he did not always have for me the answers I wanted to hear, he always was honest and upfront in his dealings.

My recommendations, if
you care, are that Mr Larry
Hudler be patted on the back
since I will not be able to
do this myself. I would
recommend his services for anyone
needing a kind, professional
man to help someone in their
crisis time.

Sincerely,
Rhonda L. Hattley
